AN ACT

To provide for water pollution control activities in the Public Health Service of the Federal Security Agency and in the Federal Works Agency, and for other purposes.

June 30, 1948
[S 418]
[Public Law 845]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That in connection with the exercise of jurisdiction over the waterways of the Nation and in consequence of the benefits resulting to the public health and welfare by the abatement of stream pollution, it is hereby declared to be the policy of Congress to recognize, preserve, and protect the primary responsibilities and rights of the States in controlling water pollution, to support and aid technical research to devise and perfect methods of treatment of industrial wastes which are not susceptible to known effective methods of treatment, and to provide Federal technical services to State and interstate agencies and to industries, and financial aid to State and interstate agencies and to municipalities, in the formulation and execution of their stream pollution abatement programs. To this end, the Surgeon General of the Public Health Service (under the supervision and direction of the Federal Security Administrator) and the Federal Works Administrator shall have the responsibilities and authority relating to water pollution control vested in them respectively by this Act.

Water Pollution
Control Act
Policy of Congress

SEC. 2. (a) The Surgeon General shall, after careful investigation, and in cooperation with other Federal agencies, with State water pollution agencies and interstate agencies, and with the municipalities and industries involved, prepare or adopt comprehensive programs for eliminating or reducing the pollution of interstate waters and tributaries thereof and improving the sanitary condition of surface and underground waters. In the development of such comprehensive programs due regard shall be given to the improvements which are necessary to conserve such waters for public water supplies, propagation of fish and aquatic life, recreational purposes, and agricultural, industrial, and other legitimate uses. For the purpose of this subsection the Surgeon General is authorized to make joint investigations with any

such agencies of the condition of any waters in any State or States, and of the discharges of any sewage, industrial wastes, or substance which may deleteriously affect such waters.

Cooperation with
States

(b) The Surgeon General shall encourage cooperative activities by the States for the prevention and abatement of water pollution; encourage the enactment of uniform State laws relating to water pollution; encourage compacts between States for the prevention and abatement of water pollution; collect and disseminate information relating to water pollution and the prevention and abatement thereof; support and aid technical research to devise and perfect methods of treatment of industrial wastes which are not susceptible to known effective methods of treatment; make available to State and interstate agencies, municipalities, industries, and individuals the results of surveys, studies, investigations, research, and experiments relating to water pollution and the prevention and abatement thereof conducted by the Surgeon General and by authorized cooperating agencies; and furnish such assistance to State agencies as may be authorized by law.

Interstate compacts.

(c) The consent of the Congress is hereby given to two or more States to negotiate and enter into agreements or compacts, not in conflict with any law or treaty of the United States, for (1) cooperative effort and mutual assistance for the prevention and abatement of water pollution and the enforcement of their respective laws relating thereto, and (2) the establishment of such agencies, joint or otherwise, as they may deem desirable for making effective such agreements and compacts. No such agreement or compact shall be binding or obligatory upon any State a party thereto unless and until it has been approved by the Congress.

Approval by Con-
gress

Declaration of pol-
lution as a public
nuisance

(d) (1) The pollution of interstate waters in or adjacent to any State or States (whether the matter causing or contributing to such pollution is discharged directly into such waters or reaches such waters after discharge into a tributary of such waters), which endangers the health or welfare of persons in a State other than that in which the discharge originates, is hereby declared to be a public nuisance and subject to abatement as herein provided.

Notification of pol-
lution

(2) Whenever the Surgeon General, on the basis of reports, surveys, and studies, finds that any pollution declared to be a public nuisance by paragraph (1) of this subsection is occurring, he shall give formal notification thereof to the person or persons discharging any matter causing or contributing to such pollution and shall advise the water pollution agency or interstate agency of the State or States where such discharge or discharges originate of such notification. This notification may outline recommended remedial measures which are reasonable and equitable in that case and shall specify a reasonable time to secure abatement of the pollution. If action calculated to secure abatement of the pollution within the time specified is not commenced, this failure shall again be brought to the attention of the person or persons discharging the matter and of the water pollution agency or interstate agency of the State or States where such discharge or discharges originate. The notification to such agency may be accompanied by a recommendation that it initiate a suit to abate the pollution in a court of proper jurisdiction.

Action upon failure
to secure abatement

(3) If, within a reasonable time after the second notification by the Surgeon General, the person or persons discharging the matter fail to initiate action to abate the pollution or the State water pollution agency or interstate agency fails to initiate a suit to secure abatement, the Federal Security Administrator is authorized to call a public hearing, to be held in or near one or more of the places where the discharge or discharges causing or contributing to such pollution originate, before a board of five or more persons appointed by the Administrator, who may be officers or employees of the Federal Security Agency

Hearing

or of the water pollution agency or interstate agency of the State or States where such discharge or discharges originate (except that at least one of the members of the board shall be a representative of the water pollution agency of the State or States where such discharge or discharges originate and at least one shall be a representative of the Department of Commerce, and not less than a majority of the board shall be persons other than officers or employees of the Federal Security Agency). On the basis of the evidence presented at such hearing the board shall make its recommendations to the Federal Security Administrator concerning the measures, if any, which it finds to be reasonable and equitable to secure abatement of such pollution.

(4) After affording the person or persons discharging the matter causing or contributing to the pollution reasonable opportunity to comply with the recommendations of the board, the Federal Security Administrator may, with the consent of the water pollution agency (or of any officer or agency authorized to give such consent) of the State or States in which the matter causing or contributing to the pollution is discharged, request the Attorney General to bring a suit on behalf of the United States to secure abatement of the pollution.

Suit by U S for
abatement

(5) Before or after any suit authorized by paragraph (4) is commenced, any person who is alleged to be discharging matter contributing to the pollution, abatement of which is sought, may, with the consent of the water pollution agency (or of any officer or agency authorized to give such consent) of the State in which such matter is discharged, be joined as a defendant. The court shall have power to enforce its judgment against any such defendant.

Defendant

(6) In any suit brought pursuant to paragraph (4) in which two or more persons in different judicial districts are originally joined as defendants, the suit may be commenced in the judicial district in which any discharge caused by any of the defendants occurs.

Judicial district of
case

(7) The court shall receive in evidence in any such suit a transcript of the proceedings before the board and a copy of the board's recommendation; and may receive such further evidence as the court in its discretion deems proper. The court, giving due consideration to the practicability and to the physical and economic feasibility of securing abatement of any pollution proved, shall have jurisdiction to enter such judgment, and orders enforcing such judgment, as the public interest and the equities of the case may require. The jurisdiction of the Surgeon General, or any other agency which has jurisdiction pursuant to the provisions of this Act, shall not extend to any region or areas nor shall it affect the rights or jurisdiction of any public body where there are in effect provisions for sewage disposal pursuant to agreement between the United States of America and any such public body by stipulation entered in the Supreme Court of the United States. While any such stipulation or modification thereof is in force and effect, no proceedings of any kind may be maintained by virtue of this Act against such public body or any public agency, corporation, or individual within its jurisdiction. Neither this provision nor any provision of this Act shall be construed to give to the Surgeon General or any other person or agency the right to intervene in the said proceedings wherein such stipulation was entered.

The Federal Works Administrator is authorized, subject to the provisions of section 9 (c), to make loans to any State, municipality, or interstate agency for the construction of necessary treatment works to prevent the discharge by such State or municipality of untreated or inadequately treated sewage or other waste into interstate waters or into a tributary of such waters, and for the preparation (either by its engineering staff or by practicing engineers employed for that purpose) of engineering reports, plans, and specifications in connection therewith. Such loans shall be subject, however, to the following limitations: (a) No loan shall be made for any project unless such project shall have been approved by the appropriate State water pollution agency or agencies and by the Surgeon General, and unless such project is included in a comprehensive program developed pursuant to this Act; (b) no loan shall be made for any project in an amount exceeding $33\frac{1}{3}$ per centum of the estimated reasonable cost thereof, as determined by the Federal Works Administrator, or in an amount exceeding \$250,000, whichever amount is the smaller; (c) every such loan shall bear interest at the rate of 2 per centum per annum, payable semiannually; and (d) the bonds or other obligations evidencing any such loan (1) must be duly authorized and issued pursuant to State and local law, and (2) may, as to the security thereof and the payment of principal thereof and interest thereon, be subordinated (to the extent deemed feasible and desirable by the Federal Works Administrator for facilitating the financing of such projects) to other bonds or obligations of the obligor issued to finance such project or that may then be outstanding.

"(c) In the case of any alien (other than one to whom subsection (d) is applicable) who is deportable under any law of the United States and who has proved good moral character for the preceding five years, the Attorney General may (1) permit such alien to depart the United States to any country of his choice at his own expense, in lieu of deportation; or (2) suspend deportation of such alien if he is not ineligible for naturalization or if ineligible, such ineligibility is solely by reason of his race, if he finds (a) that such deportation would result in serious economic detriment to a citizen or legally resident alien who is the spouse, parent, or minor child of such deportable alien; or (b) that such alien has resided continuously in the United States for seven years or more and is residing in the United States upon the effective date of this Act. Deportation proceedings shall not be canceled in the case of any alien who was not legally admitted for permanent residence at the time of his last entry into the United States, unless such alien pays the Commissioner of Immigration and Naturalization a fee of \$18 (which fee shall be deposited in the Treasury of the United States as miscellaneous receipts). Upon the cancellation of such proceedings in any case in which fee has been paid the Commissioner shall record the alien's admission for permanent residence as of the date of his last entry into the United States and the Secretary of State shall, if the alien was a quota immigrant at the time of entry and was not charged to the appropriate quota, reduce by one the immigration quota of the country of the alien's nationality as defined in section 12 of the Act of May 26, 1924 (U. 46 U. S. C., Supp. I,
§ 866 note

"SEC. 2. (a) The United States Maritime Commission is authorized to enter into contracts, charters, and other arrangements deemed by it to be appropriate, with American citizens, deemed by the Commission to be qualified, to supply ocean transportation service with American-flag vessels to, from, and within Alaska. Such contracts, charters, or arrangements may include provisions for making available to such operators Government-owned vessels made available to the Commission for such purposes and vessels under the control or jurisdiction of the Commission for operation on voyages commencing not later than March 1, 1949. Such provisions may include (1) charter hire at a nominal rate; (2) such marine insurance to be provided by the Commission, as the Commission may determine to be necessary or appropriate as to vessels made available by the Commission and other vessels operated in the Alaska service under contracts, charters, or arrangements with the Commission; (3) requirements that the operators shall operate such vessels to secure the most economical transportation adequate for the Alaska service; and (4) such other requirements, terms, and conditions as the Commission may deem appropriate.

"(b) Each such contract, charter, or arrangement shall provide that, as of the end of each accounting period, the cumulative gross profit, before overhead expenses, from the operation of vessels thereunder, as approved by the Commission, shall be allocated as follows and in the following order:

Allocation of gross
profit

"(1) To provide for the operator's proportionate share of the expenses of all operators of maintaining a survey of Alaska ocean transportation services and of the costs and methods of operation of operators in said services, in accordance with a program approved by the Commission;

"(2) To allow compensation to the operator for working capital, use of facilities other than operator-owned vessels, and overhead expenses, on such bases as the Commission may determine; and such bases may be fixed in terms of a percentage or percentages, deemed by the Commission to be reasonable, of vessel operating revenues;

"(3) To allow the operator a return at the rate of 10 per centum per annum, before Federal income taxes, on the fair value of operator-owned vessels used in the Alaska service;

"(4) Any profit remaining thereafter, at the conclusion of each accounting period, shall be held in a special account. At the end of the second and each succeeding accounting period, if any, such account shall be available for paying any then cumulative deficiency (covering the period from the commencement of operations hereunder) with respect to any amounts which, if earned, would have

theretofore been allocated pursuant to the previous paragraphs of this subsection;

"(5) At the conclusion of operations under any such contract, charter, or other arrangement, any balance in said special account shall be promptly divided and paid 75 per centum to the Commission and 25 per centum to the operator.

"(c) The Commission may incorporate in each such contract, charter, or arrangement such definitions and formulas for the determinations of vessel-operating revenue, gross profit before overhead expenses, overhead expenses, accounting periods, fair value, and depreciation, as it may deem necessary or appropriate to carry out the other provisions of this subsection and of this joint resolution. The Commission's determination of the value of operator-owned vessels, for the purposes of such contract, charter, or other arrangement, shall be for the purposes of this joint resolution only and shall not be relevant evidence in any regulatory proceeding before the Commission.

Such contract, charter, or arrangement shall also reserve to the operator the right to request the Commission to modify or cancel the same for good cause shown, and if the Commission shall determine that the operator's claim is justified, it may make such modification or shall permit such cancellation at such time thereafter as it may consider reasonable but not more than ninety days after such determination.

Termination of contract, etc

"(b) Whenever the President shall proclaim that the security of the national defense makes it advisable, or during any national emergency declared by proclamation of the President, the Commission may terminate any contract, charter, or arrangement hereunder, without cost to the United States, upon such notice to the operator as the President shall determine.

Nonlimitation.

"(c) Nothing contained in this joint resolution shall be construed to limit the right of the Commission to enter into other contracts, charters, or arrangements with new or other operators, if after such notice, investigation, or consultation as the Commission may deem necessary or appropriate in the particular case, but without the necessity of hearings, the Commission shall determine such action to be in the interest of the economy of the Territory of Alaska or of the national defense.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That, upon request of the Crow General Council or a committee empowered to act for it, the Secretary of the Interior, or his duly authorized representative, may execute an order transferring interests in inherited lands to the United States in trust for the Crow Tribe, provided (a) tribal funds of the Crow Tribe are available for payment of the purchase price,

The accrued irrigation operation and maintenance charges, if any, which are a lien on the land may remain as a charge against the land and the amount thereof shall be considered in determining the appraised value of the interests. In transferring interests the Secretary of the Interior, or his duly authorized representative, shall give preference so far as possible to transfers to the tribe of interests in estates having the largest number of heirs.

SEC. 2. Upon request of the General Council or said committee, the Secretary of the Interior, or his duly authorized representative, may approve the sale to any Crow Indian of any lands, title to which is taken in the name of the United States in trust for the Crow Tribe under the first section of this Act, but preference in the sale of any such lands so far as possible shall be given to individual heirs of the deceased allottee with the largest interests. Such sale shall not include any mineral interests belonging to the tribe. Upon payment of the purchase price, the Secretary, or his duly authorized representative, shall, and he is hereby authorized to, convey by appropriate order the interest of the tribe in and to such lands to the purchaser thereof in trust, and such lands shall continue to be nontaxable so long as the lands remain in restricted status. In any case in which irrigation operation and maintenance charges have accrued against the lands sold under this section and remain unpaid at the time of such sale, the obligation to pay such charges shall be assumed by the purchaser. Such charges may be deferred for ten years and the purchaser shall pay such charges in ten equal, annual installments, commencing with the eleventh year.

To promote the common defense by providing for the retention and maintenance of a national reserve of industrial productive capacity, and for other purposes

July 2, 1948
[S 2554]
[Public Law 833]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the "National Industrial Reserve Act of 1948".

National Industrial
Reserve Act of 1948

DECLARATION OF POLICY

SEC 2 In enacting this Act, it is the intent of Congress to provide a comprehensive and continuous program for the future safety and for the defense of the United States by providing adequate measures whereby an essential nucleus of Government-owned industrial plants and a national reserve of machine tools and industrial manufacturing equipment may be assured for immediate use to supply the needs of the armed forces in time of national emergency or in anticipation thereof; it is further the intent of the Congress that such Government-owned plants and such reserve shall not exceed in number or kind the minimum requirements for immediate use in time of national emergency, and that any such items which shall become surplus to such requirements shall be disposed of as expeditiously as possible.

DEFINITIONS

SEC. 3. (a) The term "national industrial reserve", as used herein, means that excess industrial property which has been or may hereafter be sold, leased, or otherwise disposed of by the United States, subject to a national security clause, and that excess industrial property of the United States which not having been sold, leased, or otherwise disposed of, subject to a national security clause, shall be transferred to the Federal Works Agency under section 5 hereof.

"National industrial reserve."

(b) The term "excess industrial property," as used herein, means any machine tool, any industrial manufacturing equipment and any industrial plant (including structures on land owned by or leased to the United States, substantially equipped with machinery, tools, and equipment) which is capable of economic operation as a separate and independent industrial unit and which is not an integral part of an installation of a private contractor, which machine tools, industrial manufacturing equipment, and industrial plants are under the control

of any executive department or independent establishment in the executive branch of the Government, including any wholly owned Government corporation and which are not required for its immediate needs and responsibilities as determined by the head thereof.

"National security clause"

Infra

(c) The term "national security clause", as used herein, means those terms, conditions, restrictions, and reservations, heretofore formulated or as may be formulated under section 4 (2) hereof for insertion in instruments of sale or lease of property, determined in accordance with section 4 (1) to be a part of the national industrial reserve, which will guarantee the availability of such property for the purposes of national defense at any time when availability thereof for such purposes is deemed necessary by the Secretary of Defense.

Authority of Secretary of Defense

SEC. 4. To effectuate the policy set forth in section 2 of this Act the Secretary of Defense is hereby authorized and directed to—

(1) determine which excess industrial properties should become a part of the national industrial reserve under the provisions of this Act;

Supra

(2) formulate a national security clause, as defined in section 3 (c) hereof and vary or modify the same from time to time in such manner as best to attain the objectives of this Act, having due regard to securing advantageous terms to the Government in the disposal of excess industrial property;

(3) consent to the relinquishment or waiver of all or any part of any national security clause in specific cases when necessary to permit the disposition of particular excess industrial property when it is determined that the retention of the productive capacity of any such excess industrial property is no longer essential to the national security or that the retention of a lesser interest than that originally required will adequately fulfill the purposes of this Act. *Provided*, That nothing in this subsection (3) shall require the modification or waiver of any part of any such national security clause when such clause is deemed necessary by the Secretary of Defense to effectuate the purposes of this Act; and

(4) designate what excess industrial property shall be disposed of subject to the provisions of the national security clause

Modifications of national security clause

SEC. 5. (a) In the event that any agency charged with the disposal of excess industrial property, after making every practicable effort so to do, is unable to dispose of any excess industrial plant because of the national security clause it shall notify the Secretary of Defense, indicating such modifications in the national security clause, if any, which in its judgment would make possible disposal of the plant. The Secretary of Defense shall consider and agree to any and all such proposed modifications as in his judgment would be consistent with the purposes of this Act. If, however, such clause is not modified or the requirements thereof waived pursuant to section 4 (3), or if modified, such plant cannot then be disposed of under such modified clause, the Secretary of Defense shall direct that such plant be transferred to the Federal Works Agency, and such transfer shall be without reimbursement or transfer of funds.

Supra

Transfer of plant to Federal Works Agency

Storage of equipment, etc

(b) Notwithstanding any other provisions of law, any agency charged with the disposal of excess machine tools and industrial manufacturing equipment shall transfer custody of such machine tools and equipment as may be designated by the Secretary of Defense pursuant to section 4 hereof to the Federal Works Agency, without reimbursement, for storage and maintenance.

Duties of Federal Works Agency

Notwithstanding section 321 of the Act of June 30, 1932 (47 Stat. 412; U. S. C., title 40, sec. 303 (b)), any lease may provide for the renovation, maintenance, protection, repair, and restoration by the lessee, of the property leased, or of the entire unit or installation when a substantial part thereof is leased, as part or all of the consideration for the lease of such property.

AN ACT

To authorize the Secretary of Agriculture to stabilize prices of agricultural commodities; to amend section 22 of the Agricultural Adjustment Act, reenacted by the Agricultural Marketing Agreement Act of 1937; and for other purposes.

July 3, 1948
[H. R. 6248]
[Public Law 897]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the "Agricultural Act of 1948".

Agricultural Act of 1948

TITLE I—1949 PRICE STABILIZATION

SECTION 1. Notwithstanding any other provision of law, the Secretary of Agriculture is authorized and directed through any instrumentality or agency within or under the direction of the Department of Agriculture, by loans, purchases, or other operations—

(a) To support prices received by producers of cotton, wheat, corn, tobacco, rice, and peanuts marketed before June 30, 1950, if producers

Price support of certain commodities

have not disapproved marketing quotas for such commodity for the marketing year beginning in the calendar year in which the crop is harvested. The price support authorized by this subsection shall be made available as follows:

(1) To cooperators at the rate of 90 per centum of the parity price for the commodity as of the beginning of the marketing year;

(2) To noncooperators at the rate of 60 per centum of the rate specified in (1) above and only on so much of the commodity as would be subject to penalty if marketed.

All provisions of law applicable with respect to loans under the Agricultural Adjustment Act of 1938, as amended, shall, insofar as they are consistent with the provisions of this subsection, be applicable with respect to loans or other price-support operations authorized under this subsection, except that for the purpose of computing the parity price for Maryland tobacco the base period shall be the period August 1936 to July 1941 in lieu of the period August 1919 to July 1929.

(b) To support until January 1, 1950, a price to producers of commodities with respect to which the Secretary of Agriculture by public announcement pursuant to the provisions of the Act of July 1, 1941, as amended, requested an expansion of production of not less than 60 per centum of the parity or comparable price therefor nor more than the level at which such commodity was supported in 1948, except that Irish potatoes harvested before January 1, 1949, milk and its products, hogs, chickens, and eggs shall be supported at 90 per centum of the parity or comparable price. The comparable price for any such commodity shall be determined and used by the Secretary for the purposes of this subsection if the production or consumption of such commodity has so changed in extent or character since the base period as to result in a price out of line with parity prices for the commodities referred to in (a) hereof. In carrying out the provisions of this subsection the Secretary of Agriculture shall have the authority to require compliance with production goals and marketing regulations as a condition to eligibility of producers for price support.

(c) Sections 1 and 3 of the Act approved August 5, 1947 (Public Law 360, Eightieth Congress), are amended by striking out in each section the date "December 31, 1948" wherever it appears and inserting in lieu thereof the date "June 30, 1950".

(d) It is hereby declared to be the policy of the Congress that the lending and purchase operations of the Department of Agriculture (other than those referred to in subsections (a), (b), and (c) hereof) shall be carried out until January 1, 1950, so as to bring the price and income of the producers of other agricultural commodities not covered by subsections (a), (b), and (c) to a fair parity relationship with the commodities included under subsections (a), (b), and (c), to the extent that funds for such operations are available after taking into account the operations with respect to the commodities covered by subsections (a), (b), and (c). In carrying out the provisions of this subsection the Secretary of Agriculture shall have the authority to require compliance with production goals and marketing regulations as a condition to eligibility of producers for price support.

SEC. 2. From any funds available to the Department of Agriculture or any agency operating under its direction for price support operations or for the disposal of agricultural commodities, the Secretary of Agriculture is authorized and directed to use such sums as may be necessary to carry out the provisions of section 1 of this Act.

SEC. 3. Section 22 of the Agricultural Adjustment Act, as added by section 31 of the Act of August 24, 1935 (49 Stat. 773), reenacted by section 1 of the Agricultural Marketing Agreement Act of 1937 (50 Stat. 246), as amended, is hereby amended to read as follows:

Such investigation shall be made after due notice and opportunity for hearing to interested parties, and shall be conducted subject to such regulations as the President shall specify.

"(b) If, on the basis of such investigation and report to him of findings and recommendations made in connection therewith, the President finds the existence of such facts, he shall by proclamation impose such fees not in excess of 50 per centum ad valorem or such quantitative limitations on any article or articles which may be entered, or withdrawn from warehouse, for consumption as he finds and declares shown by such investigation to be necessary in order that the entry of such article or articles will not render or tend to render ineffective, or materially interfere with, any program or operation referred to in subsection (a), of this section, or reduce substantially the amount of any product processed in the United States from any such agricultural commodity or product thereof with respect to which any such program or operation is being undertaken. *Provided*, That no proclamation under this section shall impose any limitation on the total quantity of any article or articles which may be entered, or withdrawn from warehouse, for consumption which reduces such permissible total quantity to proportionately less than 50 per centum of the total quantity of such article or articles which was entered, or withdrawn from warehouse, for consumption during a representative period as determined by the President. *And provided further*, That in designating any article or articles, the President may describe them by physical qualities, value, use, or upon such other bases as he shall determine.

"(c) The fees and limitations imposed by the President by proclamation under this section and any revocation, suspension, or modification thereof, shall become effective on such date as shall be therein specified, and such fees shall be treated for administrative purposes and for the purposes of section 32 of Public Law Numbered 320, Seventy-fourth Congress, approved August 24, 1935, as amended, as duties imposed by the Tariff Act of 1930, but such fees shall not be considered as duties for the purpose of granting any preferential concession under any international obligation of the United States.

"(d) After investigation, report, finding, and declaration in the manner provided in the case of a proclamation issued pursuant to subsection (b) of this section, any proclamation or provision of such proclamation may be suspended or terminated by the President whenever he finds and proclaims that the circumstances requiring the proclamation or provision thereof no longer exist or may be modified by the President whenever he finds and proclaims that changed circumstances require such modification to carry out the purposes of this section.

TITLE II—AMENDMENTS TO THE AGRICULTURAL ADJUSTMENT ACT OF 1938

DEFINITIONS OF "PARITY PRICE", "CARRY-OVER", "NORMAL SUPPLY", AND
"TOTAL SUPPLY"

52 Stat 38
7 U S C § 1301

SEC 201. Section 301 of the Agricultural Adjustment Act of 1938 is amended—

(a) By striking out paragraphs (1) and (2) of subsection (a) and inserting in lieu thereof the following:

"Parity price "

"(1) (A) The 'parity price' for any agricultural commodity, as of any date, shall be determined by multiplying the adjusted base price of such commodity as of such date by the parity index as of such date.

"Adjusted base
price "

"(B) The 'adjusted base price' of any agricultural commodity, as of any date, shall be (1) the average of the prices received by farmers for such commodity, at such times as the Secretary may select during each year of the ten-year period ending on the 31st of December last before such date, or during each marketing season beginning in such period if the Secretary determines use of a calendar year basis to be impracticable, divided by (11) the ratio of the general level of prices received by farmers for agricultural commodities during such period to the general level of prices received by farmers for agricultural commodities during the period January 1910 to December 1914, inclusive.

"Parity index "

"(C) The 'parity index', as of any date, shall be the ratio of (1) the general level of prices for articles and services that farmers buy, interest on farm indebtedness secured by farm real estate, and taxes on farm real estate, for the calendar month ending last before such date to (11) the general level of such prices, rates, and taxes during the period January 1910 to December 1914, inclusive.

"(D) The prices and indices provided for herein, and the data used in computing them, shall be determined by the Secretary, whose determination shall be final.

"Transitional par-
ity price "

"(E) Notwithstanding the provisions of subparagraph (A), the transitional parity price for any agricultural commodity, computed as provided in this subparagraph, shall be used as the parity price for such commodity until such date after January 1, 1950, as such transitional parity price may be lower than the parity price, computed as provided in subparagraph (A), for such commodity. The transitional parity price for any agricultural commodity as of any date shall be—

"(i) its parity price determined in the manner used prior to the effective date of the Agricultural Act of 1948, less

"(ii) five per centum of the parity price so determined multiplied by the number of full calendar years which, as of such date, have elapsed after January 1, 1949.

"(F) Notwithstanding the provisions of subparagraphs (A) and (E), if the parity price for any agricultural commodity, computed as provided in subparagraphs (A) and (E) appears to be seriously out of line with the parity prices of other agricultural commodities, the Secretary may, and upon the request of a substantial number of interested producers shall, hold public hearings to determine the proper relationship between the parity price of such commodity and the parity prices of other agricultural commodities. Within sixty days after commencing such hearing the Secretary shall complete such hearing, proclaim his findings as to whether the facts require a revision of the method of computing the parity price of such commodity, and put into effect any revision so found to be required.

PRICE SUPPORT

SEC. 202. (a) Section 302 of the Agricultural Adjustment Act of 1938, as amended, is amended to read as follows:

52 Stat 43
7 U S C § 1302
Price support operations through Commodity Credit Corporation

"SEC. 302. (a) The Secretary, through the Commodity Credit Corporation (except as provided in subsection (c)) and other means available to him, is authorized to support prices of agricultural commodities to producers through loans, purchases, payments, and other operations. Except as otherwise provided in this section, the amounts, terms, and conditions of such price support operations, and the extent to which such operations are carried out, shall, in the case of operations carried out by Commodity Credit Corporation, be determined by the Corporation with the approval and subject to the direction of the Secretary, and, in the case of operations carried out by other means, be determined by the Secretary. In making such determinations, consideration shall be given to (1) the supply of the commodity in relation to the demand therefor, (2) the price levels at which other commodities are being supported, (3) the availability of funds, (4) the perishability of the commodity, (5) its importance to agriculture and the national economy, (6) the ability to dispose of stocks acquired through a price support operation, (7) the need for offsetting temporary losses of export markets, and (8) the ability and willingness of producers to keep supplies in line with demand. Compliance by the producer with acreage allotments, production goals, and marketing practices prescribed by the Secretary may be required as a condition of eligibility for price support. The Secretary shall in all cases give consideration to the practicability of supporting prices indirectly, as by the development of improved merchandising methods, rather than directly by purchase or loan.

Availability of support operations

"(b) (1) Price support shall be made available to producers of any basic agricultural commodity at levels determined as hereinafter provided in this subsection. On the basis of the latest available statistics of the Department of Agriculture as of the beginning of each marketing year for each such basic agricultural commodity, the Secretary shall, with respect to such marketing year and such basic agricultural commodity—

"(i) estimate the total supply;

"(ii) determine the normal supply; and

"Supply percentage"

"(iii) determine the percentage which the estimated total supply is of the normal supply (such percentage being referred to herein as the 'supply percentage').

Support level for cooperators

"(2) The level at which the price of such basic agricultural commodity for such marketing year shall be supported for cooperators (other than cooperators outside the commercial corn-producing area, in the case of corn) shall not exceed 90 per centum of the parity price of such commodity as of the beginning of the marketing year or be less

than the percentage of its parity price as of the beginning of such marketing year determined from the following table:

The level of support shall be not less than the following percentage of the parity price.

“(3) Notwithstanding the foregoing provisions of this section—

“(A) the minimum level of price support to cooperators for any basic agricultural commodity shall be 120 per centum of the minimum level determined from the foregoing table, if acreage allotments are in effect at the beginning of the planting season for such commodity, or if marketing quotas are in effect at the beginning of the marketing year for such commodity; but in no case shall the level of price support for any commodity be increased thereby above 90 per centum of its parity price as of the beginning of the marketing year; and

“(B) the level of price support for any basic agricultural commodity normally marketed in any marketing year with respect to which marketing quotas have been disapproved by producers shall be 50 per centum of the parity price of such commodity as of the beginning of such marketing year.

“(4) The level at which the price of corn shall be supported for cooperators outside the commercial corn-producing area shall be 75 per centum of the level at which the price is supported for cooperators in the commercial corn-producing area with respect to corn.

Corn

“(5) Notwithstanding the foregoing provisions of this section, the level of price support to cooperators for any crop of tobacco for which marketing quotas are in effect shall be 90 per centum of its parity price as of the beginning of the marketing year.

Tobacco

“(c) The support price for any nonbasic agricultural commodity shall not exceed 90 per centum of the parity price for the commodity as of the beginning of the marketing year or season in the case of a commodity marketed on a marketing year or seasonal basis, and as of January 1 in the case of any other commodity. Any price support operation undertaken with respect to either turkeys or chickens shall

	be applicable to all chickens, including broilers, appropriate adjustments being made as provided in subsection (e) of this section:
Ducks, etc.	<i>Provided</i> , That if any price support operation is undertaken with respect to either chickens or turkeys, the same parity price support operation shall be undertaken with respect to ducks and ducklings and other poultry. The price of wool shall be supported at such level, not in excess of 90 per centum nor less than 60 per centum of its parity price as of January 1, as the Secretary may consider necessary in order to encourage an annual production of approximately 360,000,000 pounds of shorn wool. The price of any kind of Irish potatoes harvested after December 31, 1949, shall be supported at not less than 60 per centum nor more than 90 per centum of the parity price for Irish potatoes as of the beginning of its marketing season.
Wool.	The Commodity Credit Corporation shall not carry out any operation to support the price of any nonbasic agricultural commodity (other than Irish potatoes) which is so perishable in nature as not to be reasonably storable without excessive loss or excessive cost; but any such operation may be carried out by the Secretary through other means available to him such as those provided by section 32, Public Law Numbered 320, Seventy-fourth Congress, approved August 24, 1935, as amended: <i>Provided</i> , That the foregoing provisions shall not be construed to prohibit the Commodity Credit Corporation from supporting the price of any perishable nonbasic agricultural commodity by a loan, purchase, payment, or other operation undertaken with respect to a storable commodity processed from such perishable nonbasic agricultural commodity. <i>Provided further</i> , That the Secretary, in carrying out programs with respect to perishable and nonperishable commodities under section 32 of Public Law Numbered 320, Seventy-fourth Congress, approved August 24, 1935, as amended, and section 6 of the National School Lunch Act, may utilize the services and facilities of the Commodity Credit Corporation (including but not limited to procurement by contract) and make advance payments to it: <i>And provided further</i> , That in any fiscal year, if at the end of the preceding fiscal year the sums appropriated under said section 32 and remaining unexpended do not exceed \$300,000,000, Commodity Credit Corporation may, as provided in section 302 (a) of this Act, carry out any operation to support the price of any such perishable, nonbasic agricultural commodity to the extent that the reserve for the postwar price support of agriculture established pursuant to the First Supplemental Appropriation Rescission Act of 1946 (60 Stat 8) and other funds appropriated for agricultural price support are sufficient to cover any losses which may be incurred in connection with such operation.

Price support at increased levels	"(d) Notwithstanding the foregoing provisions of this section, price support operations at levels in excess of the maximum level of price support otherwise prescribed in this section may be undertaken whenever it is determined by the Secretary after reasonable public notice and public hearing with records of said hearing and a finding thereon by said Secretary available to the public that price support at such increased levels is necessary in order to increase or maintain the production of any agricultural commodity in the interest of national security.
Adjustments	"(e) Appropriate adjustments may be made in the support price for any commodity for differences in grade, type, staple, quality, location, and other factors. Such adjustments shall be made in such manner that the average support price for such commodity in each marketing year will, on the basis of the anticipated incidence of such factors, be equal to the level determined as provided in this section for such marketing year.
	"(f) For the purposes of this section—

"(1) A 'cooperator' with respect to any basic agricultural commodity shall be a producer on whose farm the acreage planted to the commodity does not exceed the farm acreage allotment for the commodity under this title, or, in the case of price support for corn to a producer outside the commercial corn-producing area, a producer who complies with conditions of eligibility prescribed by the Secretary. For the purposes of this subsection a producer shall not be deemed to have exceeded his farm acreage allotment unless such producer knowingly exceeded such allotment.

"Cooperator."

"(2) A 'basic agricultural commodity' shall mean any of the commodities cotton, wheat, corn, tobacco, rice, and peanuts of a crop harvested after December 31, 1949.

"Basic agricultural commodity"

"(3) A 'nonbasic agricultural commodity' shall mean any agricultural commodity other than a basic agricultural commodity.

"Nonbasic agricultural commodity"

"(g) No producer shall be personally liable for any deficiency arising from the sale of the collateral securing any loan made under authority of this section unless such loan was obtained through fraudulent representations by the producer. This provision shall not, however, be construed to prevent Commodity Credit Corporation or the Secretary from requiring producers to assume liability for deficiencies in the grade, quality, or quantity of commodities stored on the farm or delivered by them, for failure properly to care for and preserve commodities, or for failure or refusal to deliver commodities in accordance with the requirements of the program.

Liability for deficiencies

"(h) The Commodity Credit Corporation shall not sell any farm commodity owned or controlled by it at less than (1) a price determined on a pricing basis for its stocks of such commodity on hand, which makes due allowance for grade, type, quality, location, and other factors and which is reasonably calculated to reimburse it for costs incurred by it with respect to such stocks; (2) a price halfway between the support price, if any, and the parity price of such commodity; or (3) a price equivalent to 90 per centum of the parity price of such commodity, whichever price is the lowest, except that the foregoing restrictions shall not apply to (A) sales for new or byproduct uses; (B) sales of peanuts for the extraction of oil; (C) sales for seed or feed if such sales will not substantially impair any price-support program; (D) sales of commodities which have substantially deteriorated in quality or of nonbasic perishable commodities where there is danger of loss or waste through spoilage; (E) sales for the purpose of establishing claims against persons who have committed fraud, misrepresentation, or other wrongful acts with respect to the commodity; (F) sales for export; (G) sales of wool; and (H) sales for other than primary uses."

The prices which it is declared to be the policy of Congress to establish in section 2 of this title shall, for the purposes of such agreement, order, or amendment, be adjusted to reflect the price of feeds, the available supplies of feeds, and other economic conditions which affect market supply and demand for milk or its products in the marketing area to which the contemplated marketing agreement, order, or amendment relates. Whenever the Secretary finds, upon the basis of the evidence adduced at the hearing required by section 8b or 8c, as the case may be, that the parity prices of such commodities are not reasonable in view of the price of feeds, the available supplies of feeds, and other economic conditions which affect market supply and demand for milk and its products in the marketing area to which the contemplated agreement, order, or amendment relates, he shall fix such prices as he finds will reflect such factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest. SEC. 303. There are hereby authorized to be appropriated such sums as may be necessary to carry out the purposes of this title.

TITLE IV—EQUITY INVESTMENT AIDS

SEC. 401. The National Housing Act, as amended, is hereby amended by adding the following new title:

“TITLE VII—INSURANCE FOR INVESTMENTS IN RENTAL HOUSING FOR FAMILIES OF MODERATE INCOME

“AUTHORITY TO INSURE

“SEC. 701. The purpose of this title is to supplement the existing systems of mortgage insurance for rental housing under this Act by a special system of insurance designed to encourage equity investment in rental housing at rents within the capacity of families of moderate income. To effectuate this purpose, the Administrator is authorized, upon application by the investor, to insure as hereinafter provided, and, prior to the execution of insurance contracts and upon such terms as the Administrator shall prescribe, to make commitments to insure, the minimum annual amortization charge and an annual return on the outstanding investment of such investor in any project which is eligible for insurance as hereinafter provided in an amount (herein called the ‘insured annual return’) equal to such rate of return, not exceeding $2\frac{3}{4}$ per centum per annum, on such outstanding investment as shall, after consultation with the Secretary of the Treasury, be fixed in the insurance contract or in the commitment to insure: *Provided*, That any insurance contract made pursuant to this title shall expire as of the first day of the operating year for which the outstanding investment amounts to not more than 10 per centum of the established investment: *And provided further*, That the aggregate amount of contingent liabilities outstanding at any one time under insurance contracts and commitments to insure made pursuant to this title shall not exceed \$1,000,000,000.

Expiration of insurance contract

Aggregate amount of liabilities

“ELIGIBILITY

“SEC. 702. (a) To be eligible for insurance under this title, a project shall meet the following conditions:

“(1) The Administrator shall be satisfied that there is, in the locality or metropolitan area of such project, a need for new rental dwellings at rents comparable to the rents proposed to be charged for the dwellings in such project.

“(2) Such project shall be economically sound, and the dwellings in such project shall be acceptable to the Administrator as to quality, design, size, and type.

“(b) Any insurance contract executed by the Administrator under this title shall be conclusive evidence of the eligibility of the project and the investor for such insurance, and the validity of any insurance contract so executed shall be incontestable in the hands of an investor from the date of the execution of such contract, except for fraud or misrepresentation on the part of such investor.

“PREMIUMS AND FEES

“SEC. 703. (a) For insurance granted pursuant to this title the Administrator shall fix and collect a premium charge in an amount not exceeding one-half of 1 per centum of the outstanding investment for the operating year for which such premium charge is payable without taking into account the excess earnings, if any, applied, in addition to the minimum annual amortization charge, to amortization of the outstanding investment. Such premium charge shall be payable annually in advance by the investor, either in cash or in debentures issued by the Administrator under this title at par plus accrued interest: *Provided*, That, if in any operating year the gross income shall be less than the operating expenses, the premium charge payable during such operating year shall be waived, but only to the extent of the amount of the difference between such expenses and such income and subject to subsequent payment out of any excess earnings as hereinafter provided.

Waiver of premium
charge

“(b) With respect to any project offered for insurance under this title, the Administrator is authorized to charge and collect reasonable fees for examination, and for inspection during the construction of the project: *Provided*, That such fees shall not aggregate more than one-half of 1 per centum of the estimated investment.

“RENTS

“SEC. 704. The Administrator shall require that the rents for the dwellings in any project insured under this title shall be established in accordance with a rent schedule approved by the Administrator, and that the investor shall not charge or collect rents for any dwellings in the project in excess of the appropriate rents therefor as shown in the latest rent schedule approved pursuant to this section. Prior to approving the initial or any subsequent rent schedule pursuant to this section, the Administrator shall find that such schedule affords reasonable assurance that the rents to be established thereunder are (1) not lower than necessary, together with all other income to be derived from or in connection with the project, to produce reasonably stable revenues sufficient to provide for the payment of the operating expenses, the minimum annual amortization charge, and the minimum annual return; and (2) not higher than necessary to meet the need for dwellings for families of moderate income.

“EXCESS EARNINGS

“SEC. 705. For all of the purposes of any insurance contract made pursuant to this title, 50 per centum of the excess earnings, if any, for any operating year may be applied, in addition to the minimum annual return, to return on the outstanding investment but only to the extent that such application thereof does not result in an annual return of more than 5 per centum of the outstanding investment for such operating year, and the balance of any such excess earnings shall be applied, in addition to the minimum annual amortization charge, to amortization of the outstanding investment: *Provided*, That if in any preceding operating years the gross income shall have been less than the operating expenses, such excess earnings shall be applied to the extent necessary

in whole or in part, first, to the reimbursement of the amount of the difference between such expenses (exclusive of any premium charges previously waived hereunder) and such income, and, second, to the payment of any premium charges previously waived hereunder.

"FINANCIAL STATEMENTS

"SEC. 706. With respect to each project insured under this title, the Administrator shall provide that, after the close of each operating year, the investor shall submit to him for approval a financial and operating statement covering such operating year. If any such financial and operating statement shall not have been submitted or, for proper cause, shall not have been approved by the Administrator, payment of any claim submitted by the investor may, at the option of the Administrator, be withheld, in whole or in part, until such statement shall have been submitted and approved.

"PAYMENT OF CLAIMS

"SEC. 707. If in any operating year the net income of a project insured under this title is less than the aggregate of the minimum annual amortization charge and the insured annual return, the Administrator, upon submission by the investor of a claim for the payment of the amount of the difference between such net income and the aggregate of the minimum annual amortization charge and the insured annual return and after proof of the validity of such claim, shall pay to the investor, in cash from the Housing Investment Insurance Fund, the amount of such difference, as determined by the Administrator, but not exceeding, in any event, an amount equal to the aggregate of the minimum annual amortization charge and the insured annual return.

"DEBENTURES

Acquisition of project by Administrator.

"SEC. 708. (a) If the aggregate of the amounts paid to the investor pursuant to section 707 hereof with respect to a project insured under this title shall at any time equal or exceed 15 per centum of the established investment, the Administrator thereafter shall have the right, after written notice to the investor of his intentions so to do, to acquire, as of the first day of any operating year, such project in consideration of the issuance and delivery to the investor of debentures having a total face value equal to 90 per centum of the outstanding investment for such operating year. In any such case the investor shall be obligated to convey to said Administrator title to the project which meets the requirements of the rules and regulations of the Administrator in force at the time the insurance contract was executed and which is evidenced in the manner prescribed by such rules and regulations, and, in the event that the investor fails so to do, said Administrator may, at his option, terminate the insurance contract.

Conveyance of title to Administrator

"(b) If in any operating year the aggregate of the differences between the operating expenses (exclusive of any premium charges previously waived hereunder) and the gross income for the preceding operating years, less the aggregate of any deficits in such operating expenses reimbursed from excess earnings as hereinbefore provided, shall at any time equal or exceed 5 per centum of the established investment, the investor shall thereafter have the right, after written notice to the Administrator of his intention so to do, to convey to the Administrator, as of the first day of any operating year, title to the project which meets the requirements of the rules and regulations of the Administrator in force at the time the insurance contract

was executed and which is evidenced in the manner prescribed by such rules and regulations, and to receive from the Administrator debentures having a total face value equal to 90 per centum of the outstanding investment for such operating year.

“(c) Any difference, not exceeding \$50, between 90 per centum of the outstanding investment for the operating year in which a project is acquired by the Administrator pursuant to this section and the total face value of the debentures to be issued and delivered to the investor pursuant to this section shall be adjusted by the payment of cash by the Administrator to the investor from the Housing Investment Insurance Fund.

Adjustments.

“(d) Upon the acquisition of a project by the Administrator pursuant to this section, the insurance contract shall terminate.

Termination of insurance

“(e) Debentures issued under this title to any investor shall be executed in the name of the Housing Investment Insurance Fund as obligor, shall be signed by the Administrator, by either his written or engraved signature, and shall be negotiable. Such debentures shall be dated as of the first day of the operating year in which the project for which such debentures were issued was acquired by the Administrator, shall bear interest at a rate to be determined by the Administrator, with the approval of the Secretary of the Treasury, at the time the insurance contract was executed, but not to exceed $2\frac{3}{4}$ per centum per annum, payable semiannually on the 1st day of January and the 1st day of July of each year, and shall mature on the 1st day of July in such calendar year or years, not later than the fortieth following the date of the issuance thereof, as shall be determined by the Administrator and stated on the face of such debentures.

Terms and conditions of debentures

“(f) Such debentures shall be in such form and in such denominations in multiples of \$50, shall be subject to such terms and conditions, and may include such provisions for redemption as shall be prescribed by the Administrator, with the approval of the Secretary of the Treasury, and may be issued in either coupon or registered form.

“(g) Such debentures shall be exempt, both as to principal and interest, from all taxation (except surtaxes, estate, inheritance, and gift taxes) now or hereafter imposed by any Territory, dependency, or possession of the United States, or by the District of Columbia, or by any State, county, municipality, or local taxing authority, shall be payable out of the Housing Investment Insurance Fund, which shall be primarily liable therefor, and shall be fully and unconditionally guaranteed, as to both the principal thereof and the interest thereon, by the United States, and such guaranty shall be expressed on the face thereof. In the event that the Housing Investment Insurance Fund fails to pay upon demand, when due, the principal of or the interest on any debentures so guaranteed, the Secretary of the Treasury shall pay to the holders the amount thereof, which is hereby authorized to be appropriated, out of any money in the Treasury not otherwise appropriated, and thereupon, to the extent of the amount so paid, the Secretary of the Treasury shall succeed to all the rights of the holders of such debentures.

Tax exemption, exception

“(h) Notwithstanding any other provisions of law relating to the acquisition, handling, or disposal of real and other property by the United States, the Administrator shall have power, for the protection of the Housing Investment Insurance Fund, to pay out of said Fund all expenses or charges in connection with, and to deal with, complete, reconstruct, rent, renovate, modernize, insure, make contracts for the management of, or establish suitable agencies for the management of, or sell for cash or credit or lease in his discretion, in whole or in part, any project acquired pursuant to this title; and, notwithstanding any other provisions of law, the Administrator shall also have power to

"TERMINATION

Ante, p 1278.

"SEC. 709. The investor, after written notice to the Administrator of his intention so to do, may terminate, as of the close of any operating year, any insurance contract made pursuant to this title. The Administrator shall prescribe the events and conditions under which said Administrator shall have the option to terminate any insurance contract made pursuant to this title, and the events and conditions under which said Administrator may reinstate any insurance contract terminated pursuant to this section or section 708 (a). If any insurance contract is terminated pursuant to this section, the Administrator may require the investor to pay an adjusted premium charge in such amount as the Administrator determines to be equitable, but not in excess of the aggregate amount of the premium charges which such investor otherwise would have been required to pay if such insurance contract had not been so terminated.

"SEC. 710. There is hereby created a Housing Investment Insurance Fund which shall be used by the Administrator as a revolving fund for carrying out the provisions of this title and for administrative expenses in connection therewith. For this purpose, the Secretary of the Treasury shall make available to the Administrator such funds as the Administrator shall deem necessary, but not to exceed \$10,000,000, which amount is hereby authorized to be appropriated, out of any money in the Treasury not otherwise appropriated. The Administrator may, with the approval of the Secretary of the Treasury, purchase in the open market debentures issued under this title. Such purchases shall be made at a price which will provide an investment yield of not less than the yield obtainable from other investments authorized by this section. Debentures so purchased shall be canceled and not reissued.

"TAXATION PROVISIONS

"SEC. 711. Nothing in this title shall be construed to exempt any real property acquired and held by the Administrator under this title from taxation by any State or political subdivision thereof, to the same extent, according to its value, as other real property is taxed.

"RULES AND REGULATIONS

"SEC. 712. The Administrator may make such rules and regulations as may be necessary or desirable to carry out the provisions of this title, including, without limiting the foregoing, rules and regulations relating to the maintenance by the investor of books, records, and accounts with respect to the project and the examination of such books, records, and accounts by representatives of the Administrator; the submission of financial and operating statements and the approval thereof; the submission of claims for payments under insurance contracts, the proof of the validity of such claims, and the payment or disallowance thereof; the increase of the established investment if the investor shall make capital improvements or additions to the project; the decrease of the established investment if the investor shall sell part of the project; and the reduction of the outstanding investment for the appropriate operating year or operating years pending the restoration of dwelling or nondwelling facilities damaged by fire or other casualty. With respect to any investor which is subject to supervision or regulation by a State banking, insurance, or other State department or agency, the Administrator may, in carrying out any of his supervisory and regulatory functions with respect to projects insured under this title, utilize, contract with, and act through, such department or agency and without regard to section 3709 of the Revised Statutes.

[S J Res 212]
[Public Law 903]

To authorize the President, following appropriation of the necessary funds by the Congress, to bring into effect on the part of the United States the loan agreement of the United States of America and the United Nations signed at Lake Success, New York, March 23, 1948

United Nations

59 Stat 848

Whereas the Congress of the United States, in H. Con. Res. 75, passed unanimously by the House of Representatives December 10, 1945, and agreed to unanimously by the Senate December 11, 1945, invited the United Nations "to locate the seat of the United Nations Organizations within the United States"; and

Whereas the General Assembly on December 14, 1946, resolved "that the permanent headquarters of the United Nations shall be established in New York City in the area bounded by First Avenue, East Forty-eighth Street, the East River, and East Forty-second Street"; and

61 Stat 756.

Whereas, pursuant to authorization of the Congress in Public Law 357 of the Eightieth Congress, the "Agreement Between the United Nations and the United States of America Regarding the Headquarters of the United Nations" was brought into effect November 21, 1947, defining the rights and obligations of the United States and the United Nations with respect to the above-mentioned site; and

Whereas plans have been prepared for construction on said site of permanent headquarters of the United Nations to cost not more than \$65,000,000, and the United Nations is ready to proceed with such construction as soon as financing can be provided; and

Whereas the present temporary headquarters of the United Nations are inadequate for the efficient functioning of the Organization and retention of its headquarters in the United States can be assured only by the erection of adequate permanent facilities; and

Whereas owing to the current critical dollar shortage, the other member nations are not able to provide in cash at present their respective shares of the cost of constructing the permanent headquarters; other methods of borrowing the necessary funds have been found impracticable; and the permanent establishment of the headquarters of the United Nations in this country will result directly and indirectly in substantial economic benefits to the United States from the expenditures of the Organization and its member nations; and

Whereas in view of the foregoing considerations, the United States representative at the seat of the United Nations, in response to an inquiry of the Secretary-General of the United Nations regarding the possibility of a United States Government loan, informed the Secretary-General, with the authorization of the President, by note dated October 29, 1947, that the President would recommend to the Congress the authorization of a loan from the United States to the United Nations for the construction of the headquarters in an amount not exceeding \$65,000,000; and

Whereas the General Assembly of the United Nations, by resolution of November 20, 1947, authorized the Secretary-General to negotiate such a loan with the appropriate officials of the United States Government, expressly recognizing that such loan would require the approval of the Congress; and

Whereas the United States Representative to the United Nations has negotiated and signed, on behalf of the United States an agreement with the United Nations in the form set forth below, providing for an interest-free loan of not more than \$65,000,000 from the United States to the United Nations to be repaid in annual installments, and said agreement is, by its terms, to become effective on notification to the United Nations that the Congress, with the approval of the President, has made available the funds necessary to be advanced in accordance with the provisions of the agreement: Therefore be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the President is hereby authorized, following appropriation of the necessary funds by the Congress, or the making available of funds as provided in section 4 (b) hereof to bring into effect on the part of the United States the loan agreement, set forth below, between the United States of America and the United Nations, signed at Lake Success, New York, on March 23, 1948, with such changes therein not contrary to the general tenor thereof and not imposing any additional obligations on the United States or relieving the United Nations of any obligations, as the President may deem necessary and appropriate:

Loan agreement
